wanting to reproduce up to two figures or tables from their own work without requiring your copyright permission request for: original authors of the Society for Biochemistry and Molecular Biology, Inc. ASBMB grants use the American Society for Biochemistry and Molecular Biology.

Molecular & Cellular Proteomics publishes papers on a broad range of topics of interest to the Proteomics community and Molecular Biology, Inc., 9650 Rockville Pike, Bethesda, MD 20814.

Those applications must be countersigned by an appropriate institutional official stating that no funds are available for page charges.

 Queries on matters of general editorial policy should be directed to: Editor, Molecular & Cellular Proteomics 9650 Rockville Pike Bethesda, MD 20814, U.S.A.

Accepted manuscripts will be published with the implicit understanding that the author(s) will pay a $65 charge per page. Under exceptional circumstances, when no source of grant or other support exists, the author(s) may apply, at the time of submission, for a grant-in-aid to the American Society for Biochemistry and Molecular Biology, Inc., 9650 Rockville Pike, Bethesda, MD 20814. All such applications must be countersigned by an appropriate institutional official stating that no funds are available for page charges.
